We Are happy to see that one of our members is publishing her lineage.
This is one sure way to insure that your work will endure long after your
own life span.

We also plan in putting our Newsletter in book form with full name and
location index sometime in the future. This is another reason why you
should turn in your membership and lineage. While you may not have
enough material for a book, what you do have may help others to find
their own heritage and help to preserve knowledge that sometimes is
difficult to obtain- Editor.
